

Sequoia sempervirens

Coast Redwood

Sequoia sempervirens **Coast Redwood**

Sequoia from the Cherokee Indian chief Sequoyah *sempervirens* from the Latin meaning always green The Coast redwood is the tallest living species on earth. A conifer that grows very fast to 60' in twenty years. It has dark green leaves . Give regular water and plenty of room. It will grow in very dry areas if it gets lots of water along with good drainage. Do not put on drip unless a large area is watered
